## BOARDS

### OUTCAST 138 WAKEBOARD

CONSTRUCTION: Compression molded  
FINS: 2" plastic  
LENGTH: 138cm / 55"

The Outcast has two defined channels for increased stability and edge control. A 3 degree bevelled edge provides forgiving landings and smooth consistent edge changes. An ideal entry to intermediate board to suit the whole family.

### KNEEBOARD

CONSTRUCTION: ROTO molded  
KNEEPAD: Dual Density  
KNEE STRAP: 2" padded

The Blue Water Kneeboard is extremely stable for easy starts. A flexible kneepad provides total comfort, while the adjustable knee strap makes sure the whole family gets to enjoy the ride.

### LACE UP BINDING

The Blue Water wakeboard binding is perfect for the entire family. Lace up fastening, pre curved floating tongue and soft EVA footbed means that everyone is comfortable without sacrificing fit.

## ROPES AND HANDLES

### WAKEBOARD HANDLE + ROPE

15" Solid aluminium core construction with molded EVA grip  
60 strand Poly E 3 loop rope  
with a breaking strain of 2000 pounds / 910 kgs.
